

STARTS 11TH JANUARY 2016

DENTAL RADIOGRAPHY

2

THIS 8 WEEK COURSE WILL HELP YOU LEARN:

- how to safely use X-rays
- how to take dental radiographs.

On completion you will gain a Qualification in Dental Radiography, a nationally-recognised qualification that qualifies you to take radiographs unsupervised.

The online classrooms are recorded so you can watch them back as many times as you wish to.

PRE REQUISITES:

To be eligible for this course you must:

- Be registered with the General Dental Council
- Have the support of a GDC registered dentist
- Have access to radiographic equipment necessary to complete the Practical Portfolio
- Have access to a computer with an internet connection and speakers

LEARNING MATERIALS:

We will provide you with all the course materials you will need such as:

- 8 week online course
- A textbook: 'Radiography & Radiology for DCPs' by Eric Whaites

SUPPORT:

We provide tutor support throughout the course, the time you are preparing your portfolio and up to your exam

PRACTICAL WORK AND EXAMINATION:

Students must take at least 40 radiographs under supervision in practice, then complete a 1 hour, online multiple-choice examination. More information about the practical work and examination is available [here](#).

FEES:

£475 per student

Please note an exam fee of £124 is payable once the student has completed his/her practical work and is ready to sit the final examination.
